STEPS & SKIPS

Music moves in one of three ways:

1. It stays on the same pitch.
2. It moves up or down by a step to the neighboring line or space.
3. It moves by skipping up or down by more than one step.

The songs on pages 5 and 6 have no skips. These songs have skips, steps, and repeated notes.

These two songs are sung in France. Find France on a globe. When you come to a song from another country, locate it on a globe or map.
